### ALL NEW WHEEL TROLLEY EASY LIFT

Wheel Trolley Easy Lift is the newest invention in a line of wheel service equipment designed and manufactured by Ahcon, Denmark.

The elevated trolley, with the help of springs, raises and lowers in relation to load. Ergonomically designed to ease the load on the knees and back. The Trolley is intended for 4 wheels and aids in the mounting / dismounting of wheels and transfer to and from fitting / balancing machines, among many other uses.
